FOR U

Your tyres and rims are key to keeping U moving, but hitting a pothole (or any other accidental damage to them) will affect your ability to move around.

Say hello to our Tyre and Rim Guard, we've got U covered.

HOW DOES IT WORK?

- We'll repair or replace your tyres and/or rims when they're accidentally damaged.
- The tyre excess is calculated based on your tyre's existing tread, and there is a fixed rim excess according to the plan U choose.
- U are covered for two tyre incidents and two rim incidents every year, which means that a maximum of two separate tyre or rim events will be covered annually.
- U pay a monthly premium.

WHAT DO I GET?

- U have a choice of five affordable plans, where U can get up to R 20 000 of annual cover on the highest plan.
- Easy access to our nationwide network of tyre and rim partners.

BESIDES BEING COVERED, HOW DO WE SWEETEN THE DEAL?

Introducing, Fines Support.

U automatically get Fines Support, an administrative service that can save U up to 90% on your traffic fines while taking the hassle out of paying for them. U get:

- Notifications of all your new fines.
- Guaranteed reductions on your fines.
- Access to a quick and painless channel to pay fines.
- Full legal assistance to assess the legitimacy of your fines.
- Proof of that your fines have been settled.

No more nasty surprises at future roadblocks, all while saving U time and money.

ARE U READY TO CHOOSE YOUR PLAN?
